Destroy Vegetables To Keep Up Prices

THE HAGUE.—Holland, starving a year ago, has been in the anomalous position in recent months of having to destroy large quantities of vegetables. The situation may be alleviated by an arrangement to export surplus to Germany, announced by Food Minister Marshall.

The food and agriculture ministry had conducted a drive to increase vegetable crops in expectation of large foreign demands. It was found impossible for months to arrange with the overseas markets for surplus crops. Germany, and exports to Britain were below expectations, partly because of a shortage of transport.

Under the government's program minimum prices were paid to the growers of certain vegetables and surpluses were destroyed to maintain the price level. Now the government has negotiated with the British authorities at Hamburg for purchase of surpluses at minimum prices.

NOTICE OF SALE OF LANDS

Under and by virtue of an order and decree of the Circuit Court of Coffee County, Alabama, to wit: The Circuit Court of Coffee County, Alabama, do hereby order and decree that the land described in the within and to be sold to the highest bidder or bidders, for cash, in front of the Court House door of said County, at Elba, within the legal hours of sale, on Monday, the 2nd day of December, 1946, the following described land, to-wit:

One house and lot on the East side of Smith Avenue in the Town of Elba, Alabama, said lot being described as commencing at the N. W. corner of lot cornered by Henderson and Black lot, on the East margin of Smith Avenue and running North 100 feet, thence East 200 feet, thence South 100 feet, thence West 200 feet to point of beginning.

Also one vacant lot on East side of Smith Avenue, in Elba, Alabama, formerly owned by Henderson and Black, commencing at the N. W. corner of Lot No. 45 formerly known as the W. B. Perdue lot, and running 90 feet North along East margin of Smith Avenue, thence East 600 feet, thence South 90 feet, thence West 600 feet to point of beginning.

Said two above described lots having been conveyed by Mrs. W. S. Devane and W. S. Devane to Mrs. Laura E. McCollough on February 18, 1931, by deed recorded in Deed Book A-1, page 211, in the Probate Office, at Elba, Alabama.

Also one house and lot and improvements, said lot being described as follows: beginning at the S. W. corner of vacant lot formerly known as the Henderson and Black lot, on the East margin of Smith Avenue, in Elba, Alabama, and thence running South 100 feet, thence East 200 feet, thence South 100 feet, thence West 200 feet to point of beginning.

New Machine to Smash Atom Is Being Sought
BERKELEY, CALIF. — American and Russian scientists are working independently to build a new atom smasher which may create energy much greater than that of the atomic bomb. The University of California announced recently.

With the aid of the new machine, scientists hope to study the fundamental forces which hold matter together, the announcement said. The new atom smasher, it said, may produce energy equal to that of the atomic bomb.

Dr. Ernest O. Lawrence, Nobel prize winner, said the new machine, which have been christened cyclotrons, are as important a development in atom-smashing as was the cyclotron.

The cyclotron, scheduled for completion early next year, was invented by Dr. Edward M. McMillan, one of the co-discoverers of neptunium, element 93, used in the manufacture of the atomic bomb.

The cyclotron will be three times as powerful as the betatron, the next largest atom smasher.

Navy Bureau Conducting Test of High Explosives
WASHINGTON. — The navy said that the bureau of ordnance is conducting high explosive tests at San Jose Island in the Perla group.

The tests, which were not described in detail, will continue through June 30.

The island is about 50 miles from the Pacific entrance to the Panama canal.

Speed Sewing
To speed up sewing and make it easier, make a pin cushion wristlet. It is very simple to do. Make a round cushion about two inches thick and three inches wide, and fill it with hair or sawdust. Fasten this to an elastic band that will slip over the hand and wear it in the position of a wrist watch. When pins are not in use, they keep better in a tight box.

ORDER OF PUBLICATION
Mrs. Marlene Henley, Complainant, vs. James M. Henley, Respondent. In Circuit Court of Coffee County, Alabama, in Equity, Elba Division.

Notice is hereby given that the complainant has filed a bill against you and you are required to answer or plead to same on or before December 16, 1946, and failing therein, decree pro confesso may be taken against you within thirty days thereafter.

This the 6th day of Nov., 1946. GLADYS CLARK, Register.

Some new cars are now being built . . . but we don't know just when there will be enough to go around.

Keep your present Ford in dependable condition . . . you'll get more satisfaction from driving it . . . it will be a safer car . . . it will be worth more . . . it will be a "back home" to us regularly for inspection.

U. S. Ore
Seven-eighths of American iron ores come from the Lake Superior ranges. On the basis of present mining methods, the Mesabi range will be worked out by 1975 or thereabouts.

A. D. However, advances in metallurgical art are expected to offset the decrease.

Remove Chimney Soot
Chimney fires can be avoided by preventing the accumulation of soot, which usually results from incorrect firing methods.

ORDER OF PUBLICATION
Dovie Beckworth, Complainant, vs. Eddie B. Beckworth, Respondent. In Circuit Court of Coffee County, Alabama, in Equity, Elba Division.

Notice is hereby given that the complainant has filed a bill against you and you are required to answer or plead to same on or before December 22nd, 1946, and failing therein, decree pro confesso may be taken against you within thirty days thereafter.

This the 19th day of November, 1946. GLADYS CLARK, Register.

BASIN 4-H CLUB

The Basin 4-H Club held its regular meeting on Wednesday, Oct. 16. The meeting was called to order by the vice-president, Dorothy Bowers. After singing two songs and giving the club pledge, the meeting was turned over to the program committee.

A very interesting lesson was given by Dorothy Bowers and Jo Ann Cain on "How

to Make a Raincoat." During the lesson, with the assistance of Miss Mathews and Mrs. Meek, twenty-three (23) raincoats were made. Now every club member has one. Miss Green explained spatter-painting and gave some pattern to use. We then donated our raincoats of rose, green and blue for a parade.—Eleanor Roy Cain, Reporter.

Go to Church Sunday.

MR. NOLIN HONORED ON 82nd BIRTHDAY WITH BARBECUE DINNER

A barbecue dinner was given in honor of the eighty-second birthday of Mr. Arthur H. Nolin at his home near Victoria on Sunday, November 10th. The barbecue was prepared under supervision of Mr. Mark McCollough, who is an expert on the job.

The food was spread on a large table fixed for that purpose in the spacious yard of the Nolin home. In the center of the table was placed a large and elaborately decorated birthday cake bearing eighty-two candles.

When the dinner was ready to serve, Mr. McCollough, at the Nolin family's request, extended a cordial welcome to the host of relatives and friends who came from several parts of the state and outside the state.

Thanks were returned and the blessings were invoked by Mr. Harry Nolin, a nephew of the honoree and who is a well known farmer and farm leader of Dale county.

The good and tempting dinner was greatly enjoyed by each of the many persons present. When dinner was finished each person present was requested to register his name with First Lieutenant Kermit G. Crook, who made entries in the guest record. Approximately 165 persons submitted their names.

The afternoon was spent in extending congratulations and chatting with Uncle Arthur, who is active, alert and jovial.

Because of his profound interest in the welfare of others, because he stands with the light of wisdom in one hand, the principles of right in the other to guide younger generations over the rugged pathway of life, he is highly appreciated and esteemed by his community and all who know him.

We all unite in wishing him many more happy birthdays.—A Friend.

Postwar 'Miracle' Will Soon Become a Reality

SAN FRANCISCO. — One of those promised postwar miracles — telephone conversation between automobiles and regular subscribers — will become a reality in San Francisco within the next two months.

Lyle M. Brown, Pacific Telephone and Telephone company division manager, has disclosed workmen are erecting a transmitting antenna atop the telephone building for the new service.

Initial auto telephone service will be conducted on an experimental basis, beginning in June. Eventually the company plans to install facilities which will permit truck drivers to talk to their home offices, passengers to converse from car to car or to regular subscribers and drivers to place calls with vehicles in mid-ocean.

Army Used 425 Million Pounds of Soap Yearly

WASHINGTON, D. C.—This is for the K.P. and barracks orderlies who may have wondered how much G.I. soap they used in the army. Four hundred twenty-five million pounds, the quartermaster corps announced recently, was the peak yearly consumption of the yellow bars known to all soldiers as G.I. soap.

The army also used 175 million pounds a year of other soap during the war.

Chinese Seize 3 Britons For Jap Propaganda Quiz

SHANGHAI. Chinese authorities announced that upon request of the British they had arrested three Englishmen suspected of collaborating with the Japanese by broadcasting propaganda. They were identified as Frank Johnston, also known as Pat Kelly, and Robert Lamb and J. Gracie.

Secret Chinese Police Are Accused in Slaying

NANKING, CHINA.—A Communist spokesman, Wang Ping-nan, charged that secret police killed Li Furen, editor of a liberal newspaper at Sian and prominent member of the Democratic league on May 2. Wang asserted the killing was connected with Li's publication of details of the death of another liberal newspaper man at Hantung, in Kiangsu province.

Electronics Beat Plastics
Wartime development of electronic preheating devices has made possible a time saving of as much as 50 per cent in the production of hundreds of different plastic products.

MT. GILEAD HOME DEMONSTRATION CLUB

The Mt. Gilead H. D. Club held its regular meeting on November 1st at the home of Mrs. Ed Donaldson. The meeting was opened with a song. Devotional was led by the leader. Minutes were read and roll called by the secretary. Then the meeting

was turned over to Miss Mathews who gave a very interesting lesson on "Standards in Furniture Selection."

She also showed us how to put initials on glassware. We were very proud to receive one new member, Mrs. Bessie Walls. Refreshments were served to nine members and meeting adjourned.—Mrs. D. B. Coleman, reporter.
